

## NOTICE OF PUBLIC HEARING: PROPOSED WATER RATE INCREASES

**Hearing Date: January 23, 2024 | 10:30 a.m.**  
 Board of Supervisors' Hearing Room, Hall of Administration, Ventura County  
 Government Center, 800 South Victoria Avenue, Ventura, CA 93009-1920

### VENTURA COUNTY WATERWORKS DISTRICT NO. 17 (BELL CANYON)

The District provides potable water to the community of Bell Canyon, Boeing North American Incorporated, and Las Virgenes Municipal Water District customers in the Santa Susana Knolls. The District's entire water supply is imported water from the State Water Project delivered by Metropolitan Water District of Southern California, Calleguas Municipal Water District, and the City of Simi Valley (Waterworks District No. 8).

### WHY ARE RATE ADJUSTMENTS REQUIRED?

The principal factors for the rate increase include:

- ❖ 6% passthrough in the cost of imported water from CMWD for 2024
- ❖ 4% estimated increase in the cost of power for 2024
- ❖ 3.5% estimated increase in the cost of labor for 2024
- ❖ 3% estimated increase in the cost of materials for 2024

An additional 1.5% increase is required to account for:

- ❖ Future capital expenditures and debt service for the construction of a new 1.5-million-gallon reservoir.

### WHAT ARE THE CURRENT AND PROPOSED RATES?

The proposed rates and charges will be effective beginning on the next regularly scheduled meter reading and billing cycle on or after February 1, 2024. The proposed rates will be no higher than shown.
